

Canadians *for* Properly Built Homes

***“Spring Drive for 5”
Please donate \$5 and pass
this request on to others!***

CPBH continues to make progress toward our vision of “healthy, safe, durable, energy efficient residential housing for Canadians”. We are proud of our accomplishments to date, but there is much more to be done. Tragically, countless Canadians continue to suffer as a result of having purchased a home with serious construction defects, an unresponsive builder and inadequate consumer protection.

We need your help to cover our operating costs, which include a mandatory annual financial audit, directors’ liability insurance, and web-site costs.

CPBH is operated by volunteers. CPBH receives no government funding and relies on donations.

So, please, pop a \$5 bill in an envelope, send a cheque, or pay by PayPal. (See our web-site under “ways to get involved” for the PayPal option.– www.canadiansforproperlybuilt homes.com .)

Also, please forward this request to everyone else you know who is considering purchasing a newly built home, or who is interested in Canada’s housing quality: your friends, relatives, co-workers, real estate agent, businesses.....and ask them to participate in our “***Spring Drive for 5***” by donating \$5!

Thank you for your support. ***Together*** we can reach the vision of “healthy, safe, durable, energy efficient residential housing for Canadians”!

Canadians for Properly Built Homes (CPBH) is a national, not for profit organization dedicated to healthy, safe, durable, energy efficient residential housing for Canadians, and is the only organization of its kind in Canada. Working for consumer awareness and protection, CPBH is run by a volunteer Board of Directors and is supported by a volunteer Advisory Council of industry experts and other key stakeholders. CPBH has supporters in different parts of Canada, is undertaking projects at the municipal, provincial and federal level and offers a variety of ways for Canadians to get involved. CPBH has earned “partner” status with Industry Canada’s Canadian Consumer Information Gateway.
